

Unit Tests in CQ5 Projects

Michael Marth, mmarth@adobe.com,
Twitter [@michaelmarth](https://twitter.com/michaelmarth)

- mvn, JUnit, Jenkins
- with a repo: RepositoryTestBase
- PowerMock

Sling Testing Tools

- Server-side JUnit tests
 - `@TestReference` annotation
- Scriptable server-side tests
 - executed in request scope
- sources in main, not in test
- executed by hitting `system/sling/junit/`
- <http://sling.apache.org/site/sling-testing-tools.html>
