About the OSGi Alliance

Felix Meschberger, Adobe Systems

What is the OSGi Alliance ?

The OSGi Alliance is a worldwide consortium of technology innovators that advances a proven and mature process to assure interoperability of applications and services based on its component integration platform. The OSGi Service Platform is delivered in many Fortune Global 100 company products and services.

The alliance provides specifications, reference implementations, test suites and certification to foster a valuable cross-industry ecosystem. Member companies collaborate within an egalitarian, equitable and transparent environment and promote adoption of OSGi technology through business benefits, user experiences and forums.
